NEWS of WEST FLORIDA

DeFUNIAC

Special to The Journal.

DeFuniac Springs, Aug. 12.—Miss Kathrine Laney, of Pensacola, is visiting her cousins, Misses Julia and Christian McKinnon.

Mr. Daniel D. Douglass and family, after a pleasant visit of several days to relatives and friends here, returned to their home in Pensacola Wednesday.

Miss Flora Belle McLean, of Montgomery, Ala., is the guest of the Misses McDonald.

Mrs. E. T. Cox, nee Miss Ella Callaway, of Port Tampa, who has been visiting Mr. and Mrs. H. E. Wickerham, went to Chipley Friday where she will visit Misses Perla and Annie Collier before her return home.

Mr. Ellis Davis, of Mobile, is here on a visit to his cousins, Misses Maud and Helen Saunders.

Miss Lonnie Landrum, Miss Helen Saunders and Miss Edith Skiles are spending a few days at the Gulf.

Mr. Robert McCaskill passed through here Tuesday en route to Hendersonville, N. C., where his family is spending the summer. From

there he will go on a business trip to New York.

Col. W. W. Flournoy spent Wednesday in Pensacola on business.

Miss Julia McKinnon has accepted a position as stenographer with Daniel Campbell & Son.

W. A. Laird and family spent three days of last week at Crestview where Mr. Laird has several business interests.

Misses Callie and Willie Jean Landrum have as their guest Miss Julia Young, of Mobile.

The friends of Mrs. S. K. Gillis are sympathizing with her in the death of her aunt, Mrs. Mary Dowling, which occurred at Newport, Miss., a few days ago.

Mrs. Gillis returned from Newport last Thursday.

Miss Lucille Davis, of Savannah, is the guest of her aunts Misses Anna and Belle Davis.

Miss Sadie Thorp, of Georgia, is visiting her uncle, Mr. E. W. Thorp.

Mrs. J. A. McColl and family, accompanied by Messrs. Burt Murray and Ed Jewell, are at Greyton Beach.

The property on the corner of Nelson and Eighth streets owned by Mr. J. A. Donaldson, has been purchased by Mr. J. J. McCaskill.

Mr. Jas. A. McLean, owner of the building now occupied by the B. P. Morris Company, will make extensive improvements on this property by adding a second story and putting in an elevator for the use of the firm.

McDAVID

Special to The Journal.

McDavid, Aug. 12.—Mr. M. O. Baggett made a flying business trip to Pensacola Tuesday.

Mr. J. W. Campbell left Saturday for North Carolina, where, after several months absence, he will visit home and friends.

Mr. Thos. A. Bowman and Mr. W. Nobles were among the visitors here last Sunday.

Miss Ada Davis is the guest of her aunt, Mrs. D. F. McDavid.

Mrs. D. M. Carter spent Wednesday with her daughter, Mrs. W. L. Hall, at Century.

Mr. J. Ernest Williams of Pensacola, is out for a few days visit to parents and friends.

After a two week's visit with her mother, Mrs. B. F. Pringle, at Pollard, Mrs. O. K. Bowman returned Thursday, accompanied by her sister, Miss Jessie Pringle.

Mr. D. J. Baggett and Mr. T. J. Cushion, of Atlanta, were visitors here yesterday.

Mr. and Mrs. Etheridge, of Slocomb, Ala., arrived Wednesday and will spend several days on a visit to relatives and friends across the river.

The ice cream supper given for the benefit of the Methodist church at the residence of Mr. and Mrs. J. G. Gibson last night was quite a success. Despite the inclemency of the weather a large crowd was in attendance and all report having spent a most enjoyable evening.

BRENT

Special to The Journal.

Brent, Aug. 12.—We have had a seasonable week for the farming interests. The Mexican clover is making a fine crop, and fall vegetables are getting an early start.

It is now time to discontinue the planting of sweet-potatoes, and prepare for putting in some small Irish potatoes for a Thanksgiving crop.

If President Roosevelt can stay the spread of yellow fever the people of Pensacola may rejoice as Dayton is doing over the return of their "Cash Register" magazine from a tour around the world. On Mr. Patterson's return the old log cabin was thrown open in which he was born (down in old Kentucky), and ten thousand people feasted on the fat of the land. It probably surpassed the great demonstrations when Lafayette returned to America after the revolutionary war.

Car loads of dressed chickens, ice cream and luxuries galore were expressed in from every direction—500 gallons of ice cream were drawn from Cincinnati.

Louis Morpurgo, of the St. Regis Hotel in New York, managed this festival at "Far Hills" and feasted ten thousand "guests" in forty minutes.

Mr. Patterson displayed his foreign trophies, and with nearly a thousand lantern slides entertained his friends,

speaking through a megaphone. He is greatly impressed with advice of the Emperor of Japan for young men to travel and learn from the other nations. He said: "I believe that we ought to send all the public school teachers and all the ministers on educational trips at public expense."

The parks and streets of Dayton were put to shame by the beautiful grounds and driveways in those health lands to which we are sending so many missionaries! He thinks it will be time to disturb ourselves over their religious culture when we educate all our people and get every man within a church.

Arthur W. Stephens, with his mother and sister, visited at Cliftonia last Sabbath. Arthur has seen a "wide world" since he left Pensacola on the steamer "North Western" at the age of 14 years. He engaged with the Standard Oil Company in December, 1902, to run on the "wild seas" in their coast and export trade, leaving Jacksonville on the steam tug "Standard" for Philadelphia, since which time he has been through the old world on one of the largest vessels engaged in handling Rockefeller's grease.

From Philadelphia he left for Japan on the 8th of August, 1903, aboard the British bark "Lyndhurst"—sighting the coast of Australia—but making no landing for 175 days, when Japan was safely reached, with ninety thousand cases of oil.

They afterward entered China, and thence to Java. From Java to America they only stopped at the island of St. Helena, where Napoleon Bonaparte's "private" residence is now un-

occupied. The empty grave was suitably marked, which contained his remains until the Boney-part was forgiven and allowed to return to France. We are pleased to learn that Prof. Allen is improving rapidly at Milton.

Miss Laura Herrington is visiting Rev. Breedlove's family at Roberts.

"The Face at the Window" is a three act play, which the Brent Social Club has selected for their entertainment of August 23rd.

The opening scene will be "Nigger Mose and his intended wife, Dinah Jones."

"The Arkansas Traveler" will be a conspicuous figure in the big two hour "role" of fun—which refreshments will be served for the benefit of the church.

THOS. McMEILLAN.

APALACHICOLA

Special to The Journal.

Apalachicola, Aug. 12.—Joseph Zingarelli is spending a few weeks in New York.

Mr. and Mrs. A. B. Gibson are spending a few days in Columbus, Ga.

Mrs. R. L. Hill, after spending several weeks pleasantly with friends in Phoenix, Ala., returned home Monday.

Miss Starke, of Jacksonville, is visiting her sister, Mrs. Geo. Solomon.

Mr. R. L. Coleman, of Stillmore, Ga., is visiting his brother, Mr. R. B. Coleman.

Mr. R. L. Eaton and wife, of Monticello, are among the visitors this week.

Mr. and Mrs. John Ruge have gone north for the summer.

A most delightful trip to the golf Tuesday evening was enjoyed by Misses Fedora Floyd, Vera Johnson, Sarah Patton and Irene Murat, Messrs. S. Warren, S. E. Montgomery, H. Johnson, Joe Spear, chaperoned by Mrs. M. Hanahan. The party left the city at 6:30 p. m. and returned at eleven.

Mrs. N. Hanahan returned home last Saturday after a most delightful trip to New Orleans, from there going to Hot Springs, Ark., and then to New York to visit relatives. She was away several months.

The Recreation Pier is quite a pleasant resort during the hot weather.

Mr. Hough, of the Moray Construction Company, gave a delightful trip to the golf Sunday on the tug "Lotie." Quite a large party were invited.

The handsome yacht Marguedar, Capt. Walcott, going from Mobile to Greenville, Conn., anchored in the Apalachicola river a few days this week to repair machinery.

The dredge "Thomas H. Herndon" was towed from Mobile by the tug "Minard" and "Louise" and reached here last Sunday. The dredge will dig out about 65,000 cubic yards in the channel which connects the lower anchorage with W. Pass, for which contract \$20,000 is available.

Miss Eva Fowler gave a delightful cutting to a party of her friends last Tuesday on the tug Eva. The day was spent at Capt. Fowler's camp, fishing, boating and all had a jolly good time. The young folks returned at 7 p. m. They all pronounced Miss Eva a most charming hostess.

ECZEMA

ITCHES AND BURNS

The return of warm weather means a return of torture to Eczema sufferers. The blood is charged with burning acids and acid matter which is forced to the surface through the pores and glands, forming pustules which discharge a sticky fluid, and the itching is intense.

The doctors said I had pustular Eczema. It would break out on my face and hands, discharging a sticky fluid; crusts would form and drop off, leaving the skin red and inflamed. I was tormented with the itching and burning characteristic of the disease for five years, and during the time used various medicated soaps, ointments and washes, but these applications seemed to make me worse. After taking S. S. S. a short time I began to improve; the itching did not worry me so much. I continued the medicine, and soon all the ugly eruptions disappeared and my skin is now as clear as anybody's. I have not been troubled with any breaking out since.

Urbana, O.

Sometimes the disease is in the dry form, and bran-like scales form on the skin, but the cause is the same—humors in the blood. Salves, cooling washes, powders and the like can do nothing more than relieve the itching, because they do not reach the acid-laden blood, the seat of the trouble. S. S. S. cures Eczema and all skin diseases by neutralizing the acids and carrying them off through the proper channels. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease is cured permanently. Nothing acts so promptly or surely in skin diseases as S. S. S., and it at the same time acts as a tonic to the entire system. Book on Skin Diseases and any medical advice without charge.

ROBINSON POINT

Special to The Journal.

Robinson Point, Aug. 12.—Mr. R. Tomassello spent one day last week in Pensacola on business for the company.

Mrs. Albert Lowell and son, Grover, spent a few days this week with her daughter, Mrs. D. H. Allen.

Capt. Farley came up a few days ago to inspect the light house and says he will begin to rebuild it at once.

Mrs. W. B. Allen was visiting her children here this week.

The new school building has been completed and is quite an improvement to our city.

Mr. J. C. Hanson has just completed a course in filing and hammering saws and is now a first-class filer. He is keeping up the mill here during the absence of Mr. D. L. Burgess, who is at home with a broken knee cap, caused from a fall at the mill. We hope to see Mr. Burgess out again soon.

Bud Lewis, former sawyer of the Bay Point Mill Co., has accepted a position as sawyer here and reports say he is a very fast workman.

The largest alligator ever seen in this section was killed this week at Yellow River, about one mile from here. Mr. Bush, a professional alligator hunter brought it here. It took four Winchester balls of 44 calibre to kill it. Its length was 12 feet 4 inches and it weighed 1100 pounds, and this is no fish tale, either.

Prescription Filling

Is one part of the drug business which I should imagine would be of interest to every customer of a drug store. Not because it is anything wonderful, this being able to compound a doctor's prescription without making an error, but the wonder of obtaining these delicate chemicals, where they come from, the change that takes place in the compounding, and a thousand and one things of importance to health and life in the proper handling of what at first may appear a simple prescription. For instance, the mix of Antipyrine with sweet spirits of nitre, as all pharmacists know, makes a compound which would probably cause death if given in doses as large as might be given of each alone. For a druggist to attempt to mix turpentine, sweet oil and sulphuric acid in a bottle would result in an explosion and the ruining of his clothing of nothing worse happened. Speaking of Antipyrine, it might be of interest to the customer to know that since the patent on Antipyrine has expired it can be bought at a very material reduction from their old price of \$1.40 an ounce. But with Codeine Sulphate at \$3.80 an ounce, Hydrastine from \$1.50 an ounce to \$12.55 an ounce and Homotropane Hydrobromate at \$18.00 an ounce, and these chemicals being prescribed by your physician your breath would be taken away occasionally by the price of a prescription.

However, it has always been my aim to compound prescriptions at a reasonable profit and not make the price of a cheap prescription high enough to pay the extra price of an expensive one.

I have been in the prescription business pretty much all my life and each year am making an effort to serve my customers better than the year before.
